ROCKY POINT, June 18, 1848. GENTLEMEN-On Yesterday I received your te of the 16th inst., in which you as a Comttee appointed by the late Democratic Coun-Convention, inform me that I have been ominated by that body as the candidate of Democracy of New-Hanover county for a at in the Senate of the next Legislature of orth Carolina; and in which, at the same me you, as well in your capacity as a Comittee, as individuals request my acceptance the nomination. I assure you, gentlemen, at the confidence thus exhibited towards me the Democracy of New-Hanover County, merited, as it is on my part, is indeed grateto my feelings as a man and a Democrat. here is no one who would not regard it as honor to represent the constituency of sew Hanover County in the Senate Chamber North Carolina How sensibly then, must a humble individual like myself appreciate te request of my acceptance of this honor hich you convey to me in such kind and Understanding that the explanation con-

med in the card of declention of Messrs. illiams. Reid and myself, published in the arnal some weeks since, was not thought to efull enough by some of my Democratic leads, I will avail myself of this opportunity again stating the reasons why I declined e nomination of the Convention which was at April Superior Court. They are simthese: Shortly after the Convention adumed, I learned that there was considerable satisfaction evinced against a portion of the ket brought out, and being, above all things, strons of avoiding any thing like a split in Democratic ranks in New Hanover Coun-Messrs. Reid, Williams and myself, on insultation, thought it would be best for the umony of the party that the whole ticket hould decline, in order that the Democracy of he County might bring out another ticket hat would be agreeable to all. The card alalled to was the result of this consultation. The late Convention has brought out anther ticket, and has been so kind and partial myself as to place my name upon it. Holdof that the Democratic party has a right to be services of any of its members, I do not at liberty to decline the nomination of that spectable body, (the late Convention.) I erefore, gentlemen, accept the nomination th pleasure, and pledge myself, should I be ried, to devote my humble abilities to the therance of those great principles so dearly zed by the Democracy of New-Hanover. accept for yourselves, gentlemen of the mmittee, my best acknowledgments for the meous manner in which you have discharthe duties imposed upon you by the Conmtion. Most respectfully,

Your obedient servant, WM. S ASHE. esses. Miles Costin, David S. Sanders, G. J. Moore, Committee.

Dr. Townsend -I verily believe that your sursaparille has been the means, through Providence, of saving my life. I have for several years had a bad cough. It became worse and worse. At last I raised large quanties of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a

James Cummings, Esq., one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter: Blackwell's Island, Sept. 14, 1817.
Dr. Townsend: Dear Sir-I have suffered terribly for ine years with rheumatism; considerable of the time could not eat, sleep or walk. I had the utmost disressing pains, and my limbs were terribly swollen. I have used four bottles of your sarsaparilla,& they have done me more than one thousand dollars worth of good. I am so much better-indeed, I am entirely relieved. You are at liberty to use this for the benefit of the affliced. Yours, respectfully, JAS, CUMMINGS, Fits! Fits! Fits! Dr. Townsend, not having tested his Sarsaparilla in case of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Weschester county: Fordham, August 13, 1847.

Dr. Townsend: Dear Sir-1 have a little girl seven years of age, who has been several years afflicted with Fits: we tried almost every thing for her, but without success; at last, although we could find no recommendation in our circulars for cases like hers, we thought. as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it not RUNAWAY from the subscriber, on the 27th of May last, his negro man JOSH, (better known as Josh Kelly. Said negro is of dark complexion, about 6 feet high; weighs 150 or 156 pounds, and is somewhat grey.

Twenty dollars will be given for his delivery to the subscriber, in Bladen county.

Only restored her strength, but she has had no return of the Fits, to our great pleasure and surprise. She is fast becoming rugged and hearty, for which we feel grateful. Yours, respectfully, JOHN BUTLER, jr.

New-York, April 28, 1847.

Dr. Townsend, Lyerily believed.

Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influ-ence. It immediately counteracts the nervelessness of the female frame, which is the great cause of barren ness. It will not be expected of us, in cases of so delt cate a nature, to exhibit certificates of cures performed but we can assure the afflicted, that hundreds of cases

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attending upou child-birth ever discovered. The great beauty of this medicine is, it is always safe, and the most delicate

riety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalics used in s eps, beau and variegated flowers. A free, active and healthy cir-culation of the fluids of the coursing of the pure, rich blood to the extremities, is that which paints the countenance in the most exquisite beauty. It is that which imparts the indescribable shades and flashes of loveliness that all admire, but none can describe. This beau ty is the offspring of nature-not of powder or soap. If there is not a free and healthy circulation, there is no beauty. If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom
